

## Take the next step in professional contracting

### Schibeci's machines work in:

- ▶ Concrete Grinding & Polishing
- ▶ Concrete & Asphalt Milling
- ▶ Concrete & Asphalt Leveling
- ▶ Tile Removal
- ▶ Road Line Marking Removal
- ▶ Asphalt Milling
- ▶ Trip Hazard removal from Footpaths  
*and many more applications...*

One Machine can do many applications.

Sales & Service Australian Wide.

No more pushing around heavy equipment.

Great for tight access or multi story buildings

Reliable Production.

Schibeci machines are built tough and are made to last.

Schibeci Mini Skid Steers are purpose built for these specific heavy applications, but can also do mini skid steer work such as trenching and earthmoving work.

Schibeci is a 100% Australian Owned company that has been manufacturing machines for the last 18 years and sells into over 20 countries.
